Clean & Healthy Hands

Lower overall costs with a lower cost in use

Damaged skin and cracked hands are no longer accepted as part of the everyday working life.

GOJO® now provide you with an effective and economical solution for the wellbeing of your employees.

Issues such as contact dermatitis can result in a reduced and unhappy workforce.

By implementing the simple GOJO® two stage hand hygiene program illustrates your total commitment to your employees.

"We recently changed from the old "stick in a drum" method of cleaning our hands in the workshop to GOJO Orange.

The impact was immediate.

The workshop staff are rapt with the new dispenser and really like the hand cleaner.

A great investment in OHS!"

World leading formulas

GENERAL HANDWASH FOR LIGHT SOILS

GOJO® FMX™ Luxury Foam Handwash 1250mL

GOJO® FMX™ offers a pre-foamed and very economical formula. GOJO® FMX™ foam soaps boast a rich gentle lather for general handwashing requirements, providing in excess of 1,700 actuations per refill.

GOJO® FMX™ is ideal for use after visiting the washroom facilities, for use after meal breaks and perfect for all your general, light soil requirements.

HEAVY DUTY FORMULAS

Our selection of three unique formulas are designed to cater for all your heavy duty requirements.

Our 5000mL dispensers are extremely robust and offer the unique advantage of three dispenser settings, so you can control the usage and control the overall costs in use.

1. GOJO® NATURAL ORANGE™ with Pumice 5000mL

GOJO® NATURAL ORANGE™ with Pumice is a quick-acting lotion formula with pumice scrubbing particles for cleaning a broad range of industrial soils, dirt and grease. GOJO® NATURAL ORANGE™ leaves your hands feeling clean without any greasy residue. The formula contains soothing oil and aloe with an orange citrus scent and is ideal for the heaviest grease & soils.

2. GOJO® SUPRO MAX™ Hand Cleaner 5000mL

GOJO® SUPRO MAX™ is a fast and effective heavy duty hand cleaner to remove tough and sticky soils and adhesives. The non-drying formula contains a unique blend of cleaners, skin conditioners and gentle scrubbers, with a pleasant cherry scent. SUPRO MAX™ is ideal for use where any difficult soils are found. Apply to dry hands, then rinse.

3. GOJO® ECO SOY™ Hand Cleaner 5000mL

GOJO® ECO SOY™ is a natural based hand cleaner that is tough on soils, yet easy on our environment. The Biobased formula offers an environmentally preferred alternative to products made from petroleum. Containing walnut scrubbers with moisturisers, it quickly cleans dirt, grease and oil, with no petroleum solvents.

immediate results and reduced cost in use

GOJO® Hand Medic®

Professional Skin Conditioner

Healthy skin is the basis of prevention.

Healthy, well-conditioned skin retains more moisture and is less likely to absorb and react to incidental exposure to irritants.

Use GOJO® HAND MEDIC® Professional Skin Conditioner before work, after hand washing and at night to help maintain the skin.

Good skin condition is the body's first line of defence against harmful substances and moisture loss.

Help maintain the skin's natural moisture level.

GOJO® HAND MEDIC® Professional Skin Conditioner is part of a complete hand hygiene regimen to help prevent dry hands and help maintain skin condition of employees.

- Helps maintain skin's natural barrier
- Moisturizes and conditions skin
- Proven under actual workplace conditions
- Absorbs quickly with no greasy after-feel
- Dermatologist tested
- Latex glove compatible
- Low-maintenance solution
- No silicones, oils or fragrances

"GOJO® has been excellent for our site mainly due to the environmental factors and the convenience of your dispensers.

The product has been easy to use, strong enough to do the job and sufficiently cost effective for our project."
